

nVision **FREE** axence

Professional network monitoring for free.

Download

axence.net

Axence nVision 8 Free is a free version of our flagship program for integrated IT infrastructure management.

The program is completely free of charge, also for commercial use!

Axence nVision Free offers the **mapping and monitoring of an unlimited number of devices**, as well as some basic yet helpful features of users monitoring, inventory taking, helpdesk, and device access control.

What you get for free in Axence nVision 8 Free

Network discovery and visualization

- ✓ nVision Server: network scanning, detection of TCP/IP services, web access with browser
 - ✓ nVision Console: interactive network maps, user maps, branches, intelligent maps, pop-up menu with definable own tools
-

Network monitoring

- ✓ **Unlimited number of monitored devices**
 - ✓ TCP/IP services: response time and correctness, packets received/lost statistics (PING, SMB, HTTP, POP3, SNMP, IMAP, SQL, etc.)
 - ✓ WMI counters: CPU load, memory usage, disk usage, network traffic, etc.
 - ✓ SNMP v1/2/3 counters: network traffic, temperature, humidity, power supply voltage, toner level, etc. SNMP traps
 - ✓ File distribution with use of WMI
 - ✓ MIB file compiler
-

Alerts and reports

- ✓ Event/action alarms for network monitoring and SNMP and WMI counters
 - ✓ Notifications (on desktop, by e-mail, by SMS) and repair actions (program launch, computer restart, etc.)
 - ✓ Reports (for user, device, branch, network maps or entire atlas)
-

Hardware and software inventory

- ✓ List of applications and Windows updates on single workstation (registry)
 - ✓ Software serial numbers (keys)
 - ✓ Overview of workstation hardware
 - ✓ System info (startup commands, user accounts, shared folders, SMART details, etc.)
 - ✓ Software template database
-

User activity monitoring

- ✓ User activity overview
 - ✓ Top 10 of visited web pages
-

Help for network users

- ✓ Trouble ticket database
 - ✓ Creating and managing trouble tickets (assigning to administrators with e-mail notification)
 - ✓ Comments, attachments in the trouble tickets
-

Device/data media access control

- ✓ Devices currently connected to computers
 - ✓ List of all devices currently connected to the network
-

Miscellaneous

- ✓ Protection of agent against deleting
- ✓ Axence netTools
